

# Zap It Game For Mixed Groups

Directions: Buy popsicle sticks from a craft store or Dollar store. Write different numbers on the popsicle sticks. Add Zap 1, 2, 3,4 and zap a friend and/or zap all. Place all the popsicle sticks in a can. Put the number side of the popsicle sticks at the bottom of the can. Students take a turn after their practice their sounds, language, fluency or social skills target. Whatever number is on the popsicle stick, that is how many points they get. If they get a Zap 1, you take one stick away. Zap a friend, the student is able to steal a stick from someone. Zap all means they lose all of their sticks. Whoever has the most points at the end wins.

## Zap It Game Rule Card

Number on popsicle stick – earn that many points

Zap 1 – lose one of your sticks

Zap 2 – lose two of your sticks

Zap 3 – lose three of your sticks

Zap 4 – lose four of your sticks

Zap a friend – steal a stick from another player

Zap all – lose all of your sticks

The person with the most points at the end wins.
